THE NEWS.

The usual variety of news will be found in our telegraph and other columns this morning, as we have not space to allude to in detail.

In both Houses of Congress on Saturday evening, we pronounced upon the deceased Senator Evans, and both Senate and House adjourned to attend the funeral. The Kansas "tripe bill" was officially despatched to Gov. Denver, to be submitted to the people of that Territory. The patriotic citizens of Kansas, will, as a matter of course, reject and spurn the base offer by an overwhelming majority.

From St. Louis we have news as to the movements of the Union trains.

On Saturday the New York produce market was dull and still lower. The same remark will apply to our own market.

The weather was close and warm, and seemed considerable.

This morning we published our weekly review of commercial and financial matters.

DESTRUCTIVE FIRE AT CHICAGO.—On Friday night, a fire occurred at Chicago, destroying the planing and moulding mill of Messrs. McCormick & Blumstein, together with other buildings and lumber, to the amount of about \$25,000; insured.

THE LEVY INDIAN.—From the following report, it will be seen that the completion of this monster vessel has been postponed at least until the ensuing Fall. There appears to be no lack of spirit and perseverance on the part of Company.

An extensive company of the Great Eastern Steam Navigation Company, was held on Saturday, at the London Tavern, Mr. Hope, the chairman, presiding, for the purpose of receiving the report of the court of directors, relative to the steps proposed for the completion and equipment of the Leviathan for sea. The meeting was well attended. Mr. Maud, Sir Joseph Paxton, and most of the principal proprietors present. Mr. Hope, having opened the proceedings, called upon Mr. Yates, the Secretary, to read the report.

It stated that "The directors since the last meeting of shareholders, had spent considerable time in examining the vessel, and in obtaining specifications, estimates, and in completing the works on board the company's ship Leviathan, to enable her to proceed to sea.

To effect this, a further outlay of £175,000 was necessary, which sum added to the present liabilities of the company, amounted to £211,322 11s. 10d., to which the directors proposed to set aside debenture preference shares for a sum, on such terms as were most expedient.

The total cost of the ship would be £500,000, at a rate of \$80 per ton, taking the ship at building and measurement, 24,000 tons. The directors agreed to the proposal.

An motion of Alderman Plankinton, a bill of costs of H. L. Palmer, for \$255, and a bill of Robert E. Foot, for \$276, was re-committed to the Committee.
